About Bornhoffen

We live in times of rapid technological change, reduced human social interaction, more “screen” time, increasing pressure on our environment and a pace of life which appears to be getting faster.

Bornhoffen is a place to take time out from the normal day to day routine, to challenge yourself, to experience new thinking and to spend time reflecting and reconnecting with yourself, other people and the natural environment.

Whether you wish to engage our professional facilitators to design an experience for your group, or are just looking for a venue to run your own program, we are sure that you will find Bornhoffen an ideal place for youth and community development.

Bornhoffen is PCYC's Centre for Youth and Community Development located at Natural Bridge in the Gold Coast hinterland. It was established by Police-Citizens Youth Clubs Queensland in 1978.

PCYC is a non-profit, non-government, community organisation. Our vision is 'enhancing Queensland communities through youth development.'

Bornhoffen PCYC provides positive, real, meaningful and memorable experiences which develop individuals, groups and communities.

Our services include:

- Group Accommodation for 30 to 188 people
- Professional Catering or Self Catering
- School Outdoor Education Programs (P-12)
- Personal Development
- Team Development
- Leadership Development
- Mobile Programs - anywhere in Queensland or Northern New South Wales

We work with a diverse range of partners including primary schools, high schools, community organisations, youth services, churches, special needs groups, families, government departments, police service and PCYCs.

Bornhoffen is owned and operated by Police-Citizens Youth Clubs Queensland, a non-profit community organisation. We rely on the income generated from our services as well as fundraising, donations, grants to cover all of our expenses such as maintenance, administration, utilities and wages.

Our facilities have been developed over time through the efforts of volunteers, police officers and the generous support of government, business and the community. If you would like to support Bornhoffen PCYC's work with young people and the community, please contact our office team.

About Bornhoffen (continued)

Our Venue

Bornhoffen is set against a backdrop of high rainforest covered mountains, spectacular cliffs, running creeks and waterfalls. Our elevation of 400 metres above sea level and high average rainfall means that the vegetation remains lush and green all year round.

At Bornhoffen, we have two distinct and separate group accommodation venues. Each has its own dining/meeting room, commercial kitchen, cabins, staff rooms, outdoor areas and toilets/showers. This means that your group gets exclusive use of the venue that you are staying in and do not have to share a dining room or accommodation areas with other unrelated groups.

Choose the venue that suits your group size:

- Camp One (from 60 up to 120 people)
- Camp Two (from 30 up to 68 people)
- Total Venue (from 120 up to 188 people)

We also have excellent outdoor recreation facilities including a swimming pool, multi-sports court, playing field, walking tracks and plenty of grassy open space for activities.

Catering

We are proud of our professional catering service which provides quality, freshly prepared food as well as flexible and friendly customer service.

Using our catering service means that group leaders can focus their energy fully on the program and participants.

Alternatively, your group is able to access our fully equipped commercial kitchens to self-cater where this is being done by teachers, parents or other helpers on a voluntary basis.

Adventure Development

Our program service, Adventure Development, is available to work with your group at Bornhoffen or other sites throughout south east and regional Queensland.

We take a consulting approach and design experiences with recreational, educational or developmental outcomes based on the goals, needs and budget of your organisation. We also work in partnership with organisations to deliver intervention programs for young people at risk.

The definition of adventure is 'uncertainty of outcome'. Adventure can play a powerful role in our development. When we try new things and experience success, it builds our confidence and improves our ability to succeed in other areas of our lives.

If we just do what we've always done,
we will get what we've always got.

Bornhoffen provides a catering service which is available for your group. We aim to provide quality, freshly prepared food and excellent, friendly service. We are able to cater for special dietary requirements.

We are happy to provide different menus for groups with specific needs – eg. adult groups, conference dinners and special events. Where your menu requirements differ from the standard menu, a quotation can be provided by us once we have an understanding of your needs.

External commercial catering companies are not permitted to take bookings or provide catering at Bornhoffen.

Changes to Self Catering Policy

Bornhoffen PCYC has a long history of allowing groups to cater for themselves. We recognise that community groups working together to prepare, share and clean up after meals is an important part of being on camps and can also help make experiences affordable.

Self catering groups are welcome at Bornhoffen where it involves bonafide volunteers, parents, teachers or other helpers – all commercial catering is now undertaken by our own professional caterer.

Increased regulation by State and Local governments has meant that we need to make changes to our self-catering policy.

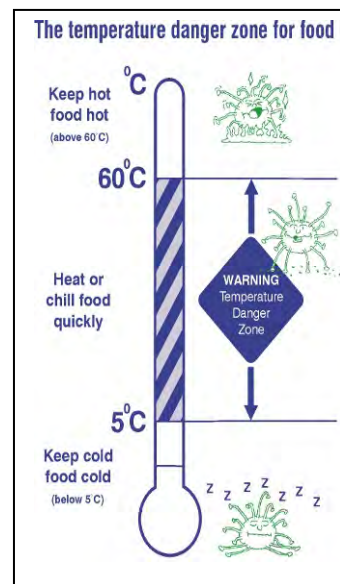

- 1. A kitchen use fee will now apply for self catering groups. This is to help contribute to the cost of maintaining and upgrading our catering facilities and equipment.**
- 2. All self-catering groups are 100% responsible for the maintenance of safe food storage, handling and preparation as well as identifying and managing risks within the commercial kitchen.**
- 3. For groups of 60 or more people, the person coordinating catering must have obtained and provide documentary evidence of a food handling certificate one month prior to arrival at Bornhoffen.**
- 4. For groups of less than 60, the person coordinating catering must have a sound understanding of safe food handling principles. We strongly recommend that the person coordinating catering has obtained a food handling certificate.**

Kitchen facilities are available for use together with pots, pans, basic utensils, crockery and cutlery. We recommend that self-caterers consider bringing any additional items that they might need to make their life easier such as kitchen scales, cake tins, measuring cups and sharp cutting knives.

Six key food safety tips include:

- keep hot food steaming hot
- keep cold food refrigerated
- cook high risk foods thoroughly (high risk foods include mince, burger, patties, sausages, rolled roasts, stuffed meats, rabbit, seafood and poultry)
- keep raw and cooked foods separate
- keep kitchen and utensils clean
- wash hands with soap and dry thoroughly

For more information about food safety, go to www.foodsafety.asn.au or www.foodsafetymatters.gov.au

Group Information

Springbrook National Park (Natural Bridge Section)

With its fascinating geology, ancient flora and exceptional fauna, Springbrook National Park is a popular place for school excursions. Springbrook plateau is a remnant of the northern side of a once huge shield volcano that dominated the region about 23 million years ago. Over time, the volcano has eroded away, leaving a landscape flush with cool rainforests, open eucalypt forests and montane heaths. This is a place of Antarctic beech trees, blue spiny crayfish, waterfalls and lyrebirds, a place where generations of school students have learnt about the natural environment and will hopefully continue to do in the future.

When planning your visit to Springbrook National Park please contact the south-east region permit officer on Ph: 3512 2314 in advance to advise the intended date of your visit and group numbers. The officer can recommend the best time for your group to visit the park so that you can avoid overcrowding and delays.

Whilst visiting Springbrook National Park we ask that you please observe the following procedures:

- Keep group sizes to a maximum of **15** along the graded walking tracks. Larger groups must be spilt into smaller groups and start time staggered at least 5 minutes apart.
- Please keep noise to a minimum
- Carry a first aid kit and drinking water
- All plants, animals and natural and cultural resources are protected and must not be disturbed or damaged.
- Do not feed any wildlife and do not leave any food, which may be scavenged.
- Please take all your rubbish home with you.
- Please ensure that the activity is limited to formalised picnic areas and constructed walking tracks.

If you are planning on conducting any activities other than bushwalking on tracks or picnicking/barbequing, you will require a Group Activity Permit. Please contact Ecoaccess on 1300 368 326 to obtain a permit.

Natural Bridge is a special place. Please help protect this fragile ecosystem so it can be enjoyed by everyone now and in the future.

Please contact Springbrook National Park Rangers for further information:
